

Appl. No. 09/832,980  
Supplemental Amndt. dated May 30, 2005  
Atty. Docket No. AP1103US

**REMARKS/ARGUMENTS**

After the Response/Amendment was submitted on May 4, 2005, it came to light that claim 21 contained a clerical error, namely the term "voice" in clause (ii) should have been "data band" and claim 26 did not make clear that the "separate analog to digital converters" were the "analog to digital conversion means" of claim 25. These deficiencies have been remedied by the foregoing amendments.

Respectfully submitted,
